

## **Missions Update -- Sound Choices**

Sound Choices Pregnancy Clinic, located at 1316 Wynnton Court in Columbus, offers confidential medical services, in a loving, nonjudgmental, Christian environment, to women dealing with planned or unplanned pregnancy. In operation since 1981, they exist to provide women in our community positive options for unplanned pregnancies.

All services at Sound Choices are free of charge and confidential, and are available to anyone regardless of age, race, sexual orientation, income or religious affiliation. They offer free and confidential, lab quality, pregnancy tests and free confirmation limited, OB ultrasound, both at their offices and through their mobile clinic stops around the community. They also offer free pregnancy education classes, birthing classes, and parenting education classes at their main office, and provide local referrals to community resources when appropriate. Counseling services and support groups are also sponsored at various times through this ministry.

How does St. Paul help? We help support their ministries through our local missions budget. We also periodically host “baby bottle drives” where we collect spare change, in baby bottles, during their fundraising campaigns. We help provide computer and technical assistance, volunteer greeters, and volunteer prayer partners and group study facilitators. Want to know more about Sound Choices and opportunities to serve here? Contact Tammy Reynolds at [tjreynolds3@gmail.com](mailto:tjreynolds3@gmail.com) or call the church office.
